We go to the announce table with Darren Keebler and Lance Warner.

**DDK:**

Welcome to DEFtv! I'm "Downtown" Darren Keebler and along with me as always, my broadcast partner in crime, Lance Warner! Lance, what version of you is gonna show up tonight?

**Lance:**

I haven't decided yet, partner. Still too early to tell, but I'm sure I'll have some opinions on things!

**DDK:**

Very well! We have a special SUPER-SIZED DEFtv tonight! Nine matches on tap! And we're about to get to our opening match!

## THE ODDS ARE AGAINST ME

**DDK:**

Without hyperbole, Lance, I can honestly say that tonight's episode of DEFtv, top to bottom, is STACKED!

**Lance:**

Indeed, partner! Tonight in our main event, there is NOWHERE to run or hide for Southern Heritage Champion Ned Reform! After he was cheated out of the Southern Heritage Championship at DEFIANCE Road, Milwaukee's own Brock Newbludd has a shot at redemption tonight against the champion, this time in the confines of a steel cage high above the ring!

**DDK:**

A four corners tag team match with a shot at the Unified Tag Team Titles at DEFCON guaranteed for the winners! Rain City Ronin! Atomic Punks! The Lucky Sevens! Titanes Familia! We've also got OSCAR BURNS in singles action against the only man that has ever made him tap out in a DEFIANCE ring, Corvo Alpha!

**Lance:**

Seattle's Best collide! "Sub Pop" Scott Douglas takes on "The Emerald Apex" Kerry Kuroyama! Titanes Familia's beast Killjoy takes on "The Microphone Fiend" Butcher Victorious! And so much more!

**DDK:**

But we're kicking things off tonight! The man who stole the Favoured Saints Championship two weeks ago from The D -- "The GLOAT" Mil Vueltas defends the title against Lonnie Luck, who is on an incredible hotstreak since DEF Road! We've got these words from both of our competitors, then when we come back, we'll get right to the action!

### Earlier Today Alliant Energy Center

Front and center, all three of the Lucky Sevens have arrived at the arena all in their signature tailored suits and sunglasses (All red for Max, all green for Mason and all silver for Lonnie). Right away with a camera filming their entry the twin terrors of DEFIANCE and their young cousin, Lonnie, appear to have things to say.

**Max Luck:**

Tonight's the night, boys! Tonight, Pretty Face Mase and Dashing Max are cementing our ticket against three other teams and getting our rightful rematch at DEFCON against Tom Morrow's latest meal tickets, M4NTRA.

**Mason Luck:**

These two chuckle f[censored] call the tag team division the Tom Morrow Division and at one point, it was the Tom Morrow Memorial Division. Tonight, Max and I are gonna beat RCR, Titanes Familia and the Atomic Punks, we're going to DEFCON and we're gonna repeat exactly what we did last year. We're gonna massacre M4NTRA, any other BFTA idiots you have on the payroll, then ...

**Max and Mason Luck:**

#Notomorrowfortomorrow!

Lonnie Luck speaks.

**Lonnie Luck:**

Me beating one of the Most Precious Gems at DEFIANCE Road? That was luck. Me beating two of the Most Precious Gems at DEFIANCE Road? That was chance. Clean sweeping all of them including JJ Dixon? That's just proof that even when the odds are against me, like my cousins, I will stand tall tonight!

Max and Mason both reach out and they high five Li'l Lon!

**Lonnie Luck:**

Mil Vueltas, you're right! You did what I couldn't do last year and you beat The D to win the Favoured Saints title and

proved what kind of man you are – and this is coming from all five-foot six of me – you’re the most insecure little bitch in DEFIANCE Wrestling!

**Max Luck:**

Tell em’ cuz!

**Lonnie Luck:**

And after I won at DEFIANCE Road and on Uncut last week, I proved I’m ready for this match. Now that I’ve got experience kicking multiple asses on the same night, I’m gonna do it again if your supposed “hermano” DLJ or your new lackey, Aaron King, wants some of me. Tonight, the Pocket Ace has a winning hand up his sleeve and tonight, the Son of Sin City is gonna show the world that in this game of poker, I’m gonna be the one holding the Nuts!

Mason and Max look at each other.

**Mason Luck:**

That ... that’s the sign-off line you’re gonna go with?

**Lonnie Luck:**

Psshhh .... this coming from "Luck Around and Find Out?"

**Max Luck:**

Shut up. That’s gold and it’s money. Them shirts sell!

The triad leave and then cuts over to words from the champion!

### **EARLIER THIS AFTERNOON**

One by one, the members of El Escuadrón arrive via silver SUV limo just pulling into the reserved parking of the arena. The chauffeur gets out and the doors are about to swing open, but he gets stopped by the newest member of El Escuadrón first...

**Aaron King:**

Nah, I got it.

Dressed in a light grey sportcoat and dress jean with the new “Everything’s Coming Up Mil Vueltas!” t-shirt under the coat, “The Pensacola Playboy” Aaron King opens the door.

**Aaron King:**

Lucha ladies.

**Bonita en Rosa I:**

Gracias!

**Bonita en Rosa II:**

Appreciate it!

Bonita en Rosa I y II, the twin luchadoras wearing red and pink masks and long sun dresses, exit the limo first. They both nod at King. Behind them, “Giga” Dan Leo James wearing a dark red variation of what has become his signature floral suits. The large Utah native looks at King.

**DLJ:**

Thanks uh... new-huevo hermano!

**Aaron King:**

All good uh... contemporary hermano?

Finally, exiting the limo, The Favoured Saints Champion himself.

BOOOOOOOOOOO!

Booing rings out in the background for the new Favoured Saints Champion, Mil Vueltas. The GLOAT wears a black fur coat with a red inner lining, a red and pink rhinestone-covered mask and a red suit of his own, all with the white-strapped Favoured Saints Title around his waist. El Intocable exits the limo and jumps up to high-five King, jumps higher to high-five DLJ who lowers his tall-ass arm to do so, then he puts an arm around his girlfriend, Bonita en Rosa I before lip-locking...

Uncomfortably long.

King, DLJ and Bonita en Rosa II look away. Once the PDA is over, Mil grins and looks to the camera that's on them right now.

**Mil Vueltas:**

Hola, bitcholas! Before I begin tonight, I'd like to introduce to you the NEWEST member of El Escuadrón... here to help me and OG Hermano, Dan Leo James! Mi nuevo hermano! Aaron King!

King looks up.

**Aaron King:**

That's right! I got the power now! This place has slept on me and slept on my talent for too damn long! FINALLY... a place I can call home. Learning from the greatest luchador of all time! The GLOAT himself! AND finally a brother-slash-hermano that I'd actually like to visit... you, Giga-Dan!

He jumps over and places an awkward bro-arm around the waist of Danny.

**DLJ:**

Oh... uh... thank you!

**Aaron King:**

Finally, a place where AK ALL DAY BAY-BAY can be the man he was TRULY meant to be! And studying under the man who is... as OSCAR BURNS all caps calls him... he is LUCHA LIBRE.

**Mil Vueltas:**

All caps.

**Aaron King:**

ALL CAPS! And I'll be learning the fine art of lucha libre, too! Lucha LIT-Bre!

DLJ rolls his eyes in the background, but Mil looks proud.

**Mil Vueltas:**

AK All Day and all that stuff! But right now, we talk about THIS...

He taps the front plate of the Favoured Saints Title.

**Mil Vueltas:**

Lonnie Luck... cabron, when I was in the tag team division, I used to smack around tus primos gigantes... your giant cousins, around! I beat Max Luck in singles match! Look it up! And tonight, I humble you, enano.

**DLJ:**

Yeah! Do you even mew, bro?

DLJ starting flexing his jawline.

**Aaron King:**

I bet he don't even tan, guy!

The two share a laugh while Mil and his Squad finish their walk into the arena.

**Mil Vueltas:**

You might be on the roll of your career heading into this match, little boy, but tonight, like I told you on the defcom... the only thing you're gonna be is "Mil's successful defense numero uno!" You will not take this title from me... you will not take this title... from **US!**

The camera then cuts to ringside as Darren Quimbey gets ready to start the introductions for champion and challenger!

Rocking white tights with black and red playing card suits, Lonnie points to the ring and then runs towards it like his life depends on it! He slides right on inside the squared circle and when he gets up to his feet, he greets the crowd!

### Lance:

This will be Lonnie Luck's second opportunity to earn a shot at the Favoured Saints title, Lance! He had his chance at Acts of DEFIANCE last year but came up short against then-champion The D. Do you think he learned from that experience at all, Darren!

### DDK:

I do. And he knows he has to approach this differently. He and The D did not like each other, but he did earn The D's respect. It's clear that Mil Vultas has no respect for anybody that isn't himself or El Escuadron.

**DDK:**

Welcome back, Faithful. We're still live here in Madison, Wisconsin and we have a jam-packed night for you still here tonight.

**Lance:**

OSCAR BURNS, Corvo Alpha, Bronson Box, Scott Douglas, Kerry Kuroyama, and Gage Blackwood are just a few of the names we are slated to see tonight.

**SHHHHHHHKKKKKKKKKKKT!**

The lights go out and spotlights shine down on the entrance way to a thunderous ovation from the Faithful. A platinum throne begins to rise from the ground as the bass synth echoes around the arena. In the throne sits the Queen of Sports Entertainment Style, leaning to her right side with her chin resting on her fist propped on the arm of the throne. Her white and chrome wrestling attire with white crop top leather jacket matches the attire she wore at DEFROAD, but now is accented with hot pink slashes and splashes. Presumably the stylized blood of OSCAR BURNS. Her LED sunglasses read "BOW" "DOWN" as the throne comes to a halt.

**DDK:**

I don't think this is on our call sheet, Lance, but I suppose as per usual Elise Ares has ample items to speak about.

**DDK:**

A massive victory for me and you, yes... but not in the eyes of Malak Garland.

**Lance:**

Yeah, Malak called Elise to see him not to reward her with a shot at the FIST of DEFIANCE she has been very vocally pursuing, but instead to demand she turn over her throne. When this was questioned Malak of course told her she hadn't earned it.

**DDK:**

I believe his exact phrase may have been "go stack up some big wins."

**Lance:**

Whatever it was, it sent Elise into a frenzy. She tried to steal the FIST of DEFIANCE from Malak Garland and was dragged away by Cyrus Bates kicking and screaming and.. Well, we haven't heard from her since.

As the throne retreats back into the ground far behind her, Elise Ares enters the ring as suggestively as possible. She takes a quick lap around the ring, acknowledging all of her Aresites before going up to the top rope and launching her sunglasses into the Wisconsin Faithful. Descending the turnbuckle, Elise signals for a microphone. It is presented, the house lights come back on, and the music fades into silence.

**Elise Ares:**

So it turns out that I have a teeny weeny little bit farther to go before I've "earned" a shot at the FIST of DEFIANCE... so starting with oscar burns, all lower case, I've decided to go on the greatest run in the history of DEFIANCE. I'm totes gonna start "stacking up those wins" so the Favoured Saints will have to bring Malak Garland back from his little "load management" hidey hole and force him to defend the FIST against me.

The Faithful clap and cheer in appreciation.

**Elise Ares:**

But I know what you all are thinking. You're thinking, it's DEFCON season BBY, there is totes a lot of stuff going on... where are people going to find the time to face little ole Elise? Don't you worry my little Aresites, momma has got you covered. You see, I don't do ANYTHING small... and I mean ANYTHING, so why would I settle for calling out Gage Blackwood or Bronson Box or caving Oscar's face in again when I've been there, done that, made a ton of headlines for it? Let's think BIG. Let's start at the top.

The Leading Lady of DEFIANCE gets on her tip toes and motions way above her head.

**Elise Ares:**

I don't want flash-in-the-pans like Malak Garland cluttering up my win stacking. That's why tonight, here in... Wisconsin?

The lights in the arena drop, before one spotlight shines upon a ginger afroed figure in the middle of the stage. The FIST of DEFIANCE strapped around Eugene Dewey's waist doesn't sparkle as he raises his hands out to his side and roars to the crowd.

**RAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHHHHHHHHHHHHHHH!**

**DDK:**

Are you KIDDING me?!

**Lance:**

I'll be honest, it's been a long time since I've seen Eugene Dewey... but did he get BIGGER?

Eugene Dewey lifts his head up and looks down the aisle right at a pacing Elise Ares ready for action, but the Faithful immediately draw back their applause when they see the heavy eyeliner and streaks of Blue Hair™ (formatting removed by staff) poking out from beneath the bright red circus clown style afro.

**DDK:**

That's not Eugene Dewey at all, that's JUSTIN SANE!

**Lance:**

Have we seen Justin Sane since his infamous Southern Heritage Championship match against Henry Reyes?

**DDK:**

Honestly Lance, I wouldn't remember if we did ever since they nerfed his blue.

Wearing the world's largest Captain America T-Shirt and a pair of DXL black sweatpants, Justin Sane pats the cardboard FIST of DEFIANCE around his waist before pointing to Ares in the ring with authority. Elise motions around her waist that she's going to take that paper championship (but not THE Paper Championship) from him as she backs away to give him space to enter the ring. Sane rolls into the ring Eugene Dewey style, managing his fake gut before awkwardly reaching his feet and immediately eating a dropkick for his effort.

**DING DING!**

**Lance:**

She knocked the Dewey right out of Eugene!

Stuffing from Sane's shirt goes flying everywhere as he stumbles back and falls over the top ropes and out onto the concrete floor, his wig tumbling another few feet away once he makes impact revealing his Blue Hair™ for all the Madison Faithful to see. Inside the ring, Ares pumps up the crowd by throwing her arms in the air and stomping her foot on the ground, getting them to stomp along. In frustration outside the ring, Justin Sane launches his big red afro into the cheat seats before turning around and eating a plancha from one of DEFIANCE's most skilled fliers.

**DDK:**

Eugene Dewey or Justin Sane, it doesn't matter because that was a thing of beauty from Elise Ares.

**Lance:**

Sometimes you look at the frame of Ares and you wonder how she succeeds, Darren, and your first thought is she cuts a LOT of corners... and she does, but then you see a move like that one and you get it.

Ares pops right back up to her feet, her landing absorbed by the massive seven foot frame of Sane, before pounding in a relentless series of stomps. Carla Ferrari stops her count at three to encourage Elise to bring the action back into the ring. Instead Elise whips Sane into the steel steps, sending the top one flying, before following up with a front dropkick directly into the chest of "The Former FIST." At the count of six, Elise grabs the back collar of Justin's Marvel themed tee and assists him getting back into the ring. Much easier now that the stuffing underneath is scattered across the canvas like a bus just hit a teddy bear.

**DDK:**

I don't think I understood the logistics of what I just saw, Lance. Did a barely five foot tall, barely 100 pound woman just toss a 7' 1" 335 pound monster into the ring?

**Lance:**

I don't know if it was "tossing" as much as it was "running away."

**DDK:**

Well if Justin is running, he's not running fast enough.

Ares is right on his heels sliding into the ring behind him. Waiting for the big man to find his footing, Elise strikes as soon as he reaches his feet, running and grabbing him by the head from behind and dropping him neck first across the second rope with her trademark Cuban Necktie. Big Blue Hair™ grabs his throat and rolls around on the mat as Ares lands in a pose on the apron. She calls the camera over, smiles, and blows a kiss to the fans before pulling herself up to her feet and shaking her ass a little. Still holding his neck, Sane staggers up to his feet and turns around just in time to eat...

**DDK:**

AMETHYSTATION!

**Lance:**

Well, this one seems to be going a lot quicker than I would have expected a Eugene Dewey vs Elise Ares match to go.

Carla Ferrari is visibly bored of this mockery of a "match" while Elise somersaults through her superman punch and positions herself in the corner. Poised and ready to strike, the crowd cheers at Elise's behest while Justin Sane crawls across the canvas. Pushing himself up with his arms, Sane attempts to get a foot under him until the full body weight of Ares comes crashing down behind her foot on the back of his skull.

**DDK:**

EXTREME MAKEOVER.

**Lance:**

I think that'll do it.

It would've, but Elise had a point to make. Just like she did to Oscar Burns, Ares grabs the arms of Sane and uses them as a mechanism to raise him back up off the ground as she stomps his face into the canvas again. And again. And again. And again. Carla then jumps in and demands Elise Ares makes the cover before she calls the match. Reluctantly, the Queen of Sports Entertainment Style rolls her eyes and rolls over Sane, not even bothering to hook the leg.

**DDK:**

Well that one didn't take long, Lance. I can't say I'm shocked but the thought of Elise Ares taking on Eugene Dewey was exciting for the few seconds we had it.

**Lance:**

This was a match booked out of frustration, as Elise would say, "obvs." She wants a shot at the FIST of DEFIANCE, heck she deserves a shot at the FIST of DEFIANCE but Malak Garland has other plans... which seem to be nothing at all.

**DDK:**

She certainly made her point. Stacked another "win" for whatever that's worth.

Carla Ferrari and DEFmed attend to Justin Sane in the ring as Elise Ares rolls under the bottom rope and begins to make her way backstage. As she does, she grabs the camera and pulls it over to her face. She then screams into the camera...

**Elise Ares:**

Malak Garland, FIGHT ME YOU BITCH.

Before turning around and walking away, leaving DEFIANCE to take another commercial break.

## COMMENTS SECTION SUMMIT

DEFtv goes backstage and into The Comments Section locker room as Alex Pietrangelo, Martin Evans-Everett VI, Thurston Hunter, The Game Boy and Percy Collins find their collective spots across the locker room benches, spreading out on three sides of the room. Not a word is mentioned between the five parties, and all of them, (except The Game Boy because his face is under a luchador mask), seem rather worried.

The locker room door opens and Conor Fuse enters, cheerful as usual. The bleachers inside the arena pop for The Ultimate Gamer. Conor sports an "I Already Played Switch 2" t-shirt and faded grey cargo pants while carrying a Legend of Zelda duffle bag. He goes down the line, first greeting ALEX, then MEE6, Game Boy and the rest. He finds a spot next to ALEX and punches him on the shoulder.

**Conor Fuse:**

Hey man, I've been missing you out there.

Conor looks around the room.

**Conor Fuse:**

Kinda been missing all of you!

His eyes eventually land on Percy Collins.

**Conor Fuse:**

Well, four of you. LOL.

His eyes fall on Hunter.

**Conor Fuse:**

Okay, okay, three.

The gamer glances over to The Game Boy with a nod. The hulking henchman, however, sits quietly.

While Conor begins to unpack his belongings, ALEX looks at MEE6 and MEE6 looks at ALEX. They both express body language like they want to say something but, at first, do not. Meanwhile, Conor speaks openly to break the overall silence once again.

**Conor Fuse:**

Got me a good ol' fashioned match tonight against Gage Blackwood. Big time battle! Oh boy, this is gonna be tough! But I'm starting to feel it again, eh. You guys have inspired me. I hope the crowd goes all !RANK chants tonight. Let's OG this bad boy!

Of course, hearing the segment from the DEFI-A-TRON, The Faithful are already !RANKING away.

Inside the locker room, ALEX eventually nudges Conor on the shoulder.

**ALEX:**

Hey, Conor. To your point, we'd be around more but Malak says he doesn't need us.

Since ALEX had the confidence to speak first, it looks like MEE6 is feeding off it.

**MEE6:**

Times have changed over the past year, Conor. With Malak holding the FIST, he feels like he's at an all-time high and wants the spotlight to himself.

ALEX nods.

**ALEX:**

Yeah, kinda the opposite when we were with you. We really felt like you needed us the more you gained traction!

Conor nods along, while continuing to unload his stuff. He's not looking at ALEX or MEE6. Perhaps, if he was, he'd see the sadness on their faces, reminiscing of nostalgia.

**Conor Fuse:**

Haha, yeah that was me alright. I was so annoying back then. I required a statistician and a personal BOT. I mean, don't get me wrong, I'd take you guys back in a second... but I am not so needy anymore.

Completely unpacked, Conor swings his feet freely as he aimlessly stares around the room.

**Conor Fuse:**

Boys, I say don't worry about it. Apparently he needs ya here tonight. He needs all of us here tonight!

Conor grins and shrugs at the same time.

**Conor Fuse:**

I guess Malak liked that Blood Diamond Summit idea from two weeks ago... he's straight up copying it, calling us all together!

Fuse still hasn't looked at ALEX or MEE6 since they first conversed. This is likely not on purpose, as The Power-Up King remains oblivious to their concerning looks.

**Conor Fuse:**

I wouldn't worry. At. All.

Almost on cue-

**BANG!**

Needless to say, it doesn't matter because the locker room door shoots open and Tyler Fuse stoically walks into the frame.

The atmosphere inside the locker room is put on high alert. MEE6 and ALEX tense up. Maybe even Game Boy flinched, just a little. Hunter's totally shook and Percy Collins tries to sink within his blubber.

The only one who isn't phased is Conor.

Tyler walks over to the far corner of the room and hurls his bag against the wall before sitting down. He immediately stares at MEE6, nearly giving the dude a heart attack in the process-

**SWOOSH!**

The door shoots open again! This time, it's the FIST of DEFIANCE himself, Malak Fuse. Unlike Tyler, who's laser focused, Malak's face is flush and worried. The champion enters the middle of the room, nestled in his baby blue winter jacket, he hasn't taken it off yet.

Although the FIST is resting across his right shoulder.

**Malak Fuse:**

Attention, minions!

Malak has everyone's attention except Tyler Fuse.

**Malak Fuse:**

I called everyone here because the Favored Saints have me shook!

Malak glances around the room, his eyes can't sit still long enough to remain on one person, he's got mega anxiety.

**Malak Fuse:**

The Favored Saints told me I can't go on LOAD MANAGEMENT for the biggest show of the year, or else I will be stripped of the FIST of DEFIANCE Championship! They did give me the benefit of one doubt, though. They told me I can make a hand crafted opponent selection for DEFCON.

The room is hush but now Malak is able to make eye contact in the direction of ALEX and MEE6, as if expressing they need to respond with outrage.

Which they do.

Hunter and Collins reply as well. Hunter rambles on about how "bitch tits" the Favored Saints are acting, while Collins wants to spring to action and give Malak a shoulder rub.

Malak, however, tells him to sit back down.

**Malak Fuse:**

I am fretting, I am fretting so hard. There are so many people after me. Elise Ares, for one. She just opens her yap and thinks she's owed a title match. Could you imagine if everyone backstage realizes they could do that with only a few recent wins in their pocket? I'm doomed!

The Snowflake Superstar closes his eyes. His body starts shaking.

**Malak Fuse:**

Dan Ryan is after me! He thinks he's owed another title opportunity! What a fool! Why? Because he's a legend? I'm a legend!

The "unofficial" Fuse glances around the room.

**Malak Fuse:**

It's the ultimate cure for anxiety. You'll never feel a thing.

Tyler hasn't removed his finger from Malak's cheek, it's dug in there. Clearly, Malak doesn't know what to do.

Garland's eyes go around the room again. He takes a step back from Tyler and fumbles into the locker room entrance door. He closes his eyes once again, grabs the handle and throws open the door.

Malak screams. It looks like he might have pissed himself. He races past Ryan and runs down the hallway, completely out of sight.

The locker room door swings close, leaving The Comments Section inside.

Tyler eyes the entire room. Nobody dares say anything to him.

Until his eyes land on Conor, who shakes his head lightly.

**Conor Fuse:**

## FAIR PLAY AND CHICKEN TENDIES

We cut to video from the backstage area in catering, earlier in the day.

The immediately recognizable mushroom-shaped-haired Douglas “Lil’ Dougie” Doubleday is putting a few chicken tendies onto a plate humming quietly to himself. The diminutive Doubleday is all on his lonesome, not his big brother and client Dabney nor any other member of the newly christened “Wrestle House” faction is in sight.

**Douglas Doubleday:** (singing to himself)

♪ Baby, why don't you come over? Red wine supernova, falling into me... ♪

A shadow falls over Dougie as he drops a third tendie onto his plate. The former mob enforcer, Edward White's bodyguard, the enormous seven footer Nicky Corozzo steps up behind Douglas. He places one of his huge hands on Dougie's shoulder and forcefully spins him around, Douglas tragically losing a tendie from his plate in the process.

Douglas finds himself face to face with not only the submission siren herself, Ed's right hand the leggy pencil skirted Jane Katze but the man himself. The Sophisticate. The Socialite. The wealthiest man in all of professional wrestling, the enigma that is Edward White. Douglas breathes a long, sort of bothered sigh. Not showing an ounce of fear as he's forced into a conversation with one of the icons of DEFIANCE Wrestling.

A man that Dougie and Dabs and their friends have gone out of their way to embarrass several times now since arriving on the scene in DEF.

**Edward White:**

Hello young Douglas! Fortuitous to run into you here, I've been wantin' to have a quick GAB session with you, man to man. See if we can't come to some sort of *understanding*. Hum?

Or are you going to have the least successful tag team in DEFIANCE history here kick the shit out of me? If that's the case, lets go ahead and get this over with.

Nicky slaps the plate of food out of Douglas' hand at the shot at he and Jane's long running tag team. Tendies go flying this way and that.

**Douglas Doubleday:**

Edward White steps forward with enough presence to shut Douglas' reply down. The Socialite's eyes glower down at the diminutive Doubleday for a few silent, tense moments before he finally opens his mouth.

**Edward White:**

Do my *worst*? Son, do you really want to test that statement? With me and my friends? Our worst is a sight more vicious than the boys and I'm assuming also *girls*, who pushed you around in your school days. In fact, that's exactly why I'm here seekin' you out, forcin' myself to smell this revoltin' slop you plebeians scarf down like pigs at the trough. Now hit me moneybags, I speak for Dabs in all matters. We're of one voice, feel me? He's game for *whatever* you throw at him.

The little unprompted history lesson clearly lands sourly on Ed's palette.

**Edward White:**

Fine then. Hows about Mr. "Fair Play" Dabney Doubleday steps into the ring with my personal "Problem Solver" and one half of the BRAZEN tag team champions, Adrian Payne? One on one, live to tape there on UNCUT, what do you say? Hum?

Edward claps Douglas on the shoulder a little harder than necessary.

**Edward White:**

*What do you say, boy.*

Dougie smiles as he smoothes out the lapels of his hideous brown corduroy suit jacket.

**Douglas Doubleday:**

Handing us another chance to embarrass you fools on a silver platter? I'd be nuts to say no. Dabs isn't scared of your angry mound of muscle, White. That's what you don't get, we welcome the challenge. Even Walter, Fish and CAGE. Even in loss to your "right and left hands" here last week, they made lemonade out of the lemons these two fools served them. And that's what Dabney will do on UNCUT. Only difference is, *he's* going to be the one getting his hand raised.

The Sophisticate sneers at Douglas, his two toadies follow suit.

**Edward White:**

I guess we'll all see about that, now won't we... *Douglas.*

The diminutive Doubleday smiles back *sincerely* with a little waggle of his eyebrows.

**Douglas Doubleday:**

Thanks for the rub here, *Edward.* I'd even risk smelling like whatever deer-piss cologne your enforcer here is wearing to get a few minutes on DEFtv...

Douglas turns directly to the camera with a big toothy grin.

**Douglas Doubleday:**

Tune into the upcoming edition of UNCUT and watch as my big brother takes Adrian Payne to the friggin' cleaners! TAKIN' CARE OF BUSINESS, BABY!

As Douglas deftly ducks under Nicky's huge arm he reaches over and plucks a fresh chicken tendie out of the silver warming dish at the same time.

**Douglas Doubleday:**

Peace! Lil' Dougie *OUT!*

Edward, Nicky and Jane all watch Douglas walk away, gnawing on his lunch.

**Jane Katze:**

I cannot wait to *erase* these idiots from existence, Edward. My already limited patience wears *thin.*

Nicky slams his fist into his palm.

**Nicky Corozzo:**

Especially the one in the mask with that guy from National Treasure on the front. I can't *stand* that freak.

The Sophisticate looks at Nicky quizzically for a moment but just shakes his head and turns back just in time to watch

Douglas disappear through the double doors at the other end of the room.

**Edward White:**

Precious moments, moments of value take time to orchestrate, my friends. You two know that better than most. The Doubleday's and their *misfit* friends will get their day against the wall. Mark my words. They'll get their day.

Through gritted teeth, Nicky finishes Edward's classic line. Slamming his huge fist again into his open palm.

## OSCAR BURNS vs. CORVO ALPHA

### DDK:

What a match we have next! A match that could main event any DEFtv show! That's how stacked tonight's DEFtv Super Card is! Two men who have had a VERY intense history. A monster that is becoming synonymous with DEFIANCE against a man who thinks he's as big, if not BIGGER, than our very promotion. The monster called Corvo Alpha takes on a long time rival, OSCAR BURNS!

### Lance:

After several instances of OSCAR BURNS and his GC Universe cronies trying to hijack our shows, first at DEFIANCE Road and then two weeks ago on DEFtv, OSCAR BURNS was ordered to compete tonight and he drew the short straw when Corvo Alpha was set as his opponent! As you said, Darren, their history runs deep.

### DDK:

It was OSCAR BURNS way back on the 100th episode of Uncut that handed Corvo Alpha his first-ever defeat... however, fast forward roughly some time later to Maximum DEFIANCE 2023 as Corvo Alpha remains the ONLY wrestler in the history of the company to hold a submission win over arguably the best technician today.

### Lance:

OSCAR BURNS has been in the middle of issues with Kerry Kuroyama, but tonight, that needs to be put to the side. Anything less than 100% tonight against Corvo Alpha will spell certain defeat for anyone. Let's go to Darren Quimbey...

### Sonny Silver:

Shut your word holsters IMMEDIATELY, Darren and Lance! NOW!

Sonny Silver, out in a dark charcoal suit and burgundy tie, makes his way out to the entrance ramp. Next to him, "The Strongest Man In The GC Universe" FLEX, wearing orange sunglasses and a sleeveless open dress coat with no shirt (gotta let the muscles breathe, brother). Sonny points towards the ring right at Darren Quimbey.

### Sonny Silver:

You, too, Quimbey. You may be a DEFIANCE Hall of Famer for ring announcing, but I'm a WRESTLING Hall of Famer! PLUS the GC Universe official Spokesperson. I outrank you, stupid! Now...

To the stage.

## NO SHORTCUTS

Cut back from commercial. Backstage at the Petersen Events Center, you can hear the hum of the Faithful buzzing through the cinder block walls. The familiar DEFIANCE logo backdrop basking in studio lights set the stage for what is obviously a backstage interview.

Standing center frame is Christie Zane, microphone in hand. Beside her, still catching his breath and visibly frustrated, Scott Douglas.

**Christie Zane:**

Scott, you picked up the win tonight against Kerry Kuroyama, but... judging by the look on your face, this doesn't seem like a victory you're celebrating.

Douglas exhales sharply, wiping his mouth with the back of his taped fist before turning his eyes toward the camera. His jaw clenches. His tone... controlled, but the frustration is undeniable.

**Scott Douglas:**

No... No, I'm not celebrating, Christie. Because that wasn't the win I wanted.

Douglas shakes his head before running his hand through his still-dripping wet hair.

**Scott Douglas:**

Kerry Kuroyama is one of the best wrestlers in this company ... hell, any company. I have nothing but respect for him and I wanted to beat him clean. Fair and square...

Scott takes a beat, exhales deeply and draws in another lung full in attempts to fully catch his breath.

**Scott Douglas:**

... I wanted to earn that win, not have it handed to me because Oscar Burns decided to make it about him.

He exhales sharply, looking away for a second before turning back to Christie.

**Christie Zane:**

Do you feel like OSCAR BUNS' showing up at ringside during your match tonight effected the outcome and cheapened your victory?

Douglas doesn't answer immediately. Instead, his hands go to his hips again, his biceps twitching and flexing. He looks down briefly, gathering his thoughts before speaking.

**Scott Douglas:**

Yeah... Yeah, It did. How could it not...

Douglas looks up to the camera now, his voice sharp and unwavering.

**Scott Douglas:**

Tonight was supposed to be about competition. About respect. About proving who the better man is ... the very things DEFIANCE was built on.

He scoffs, looking away for a moment before locking eyes with the camera again.

**Scott Douglas:**

But ... "DEFIANCE Himself" ... is only concerned with himself ...

Douglas steps forward, his voice firm.

**Scott Douglas:**

And Oscar? I've got a problem with that!

He clenches his jaw, breathing steady but heavy.

**Scott Douglas:**

If everything's got to be about Burns ... than so be it!

Douglas lets that hang for a moment before stepping even closer to the camera.

**Scott Douglas:**

OSCAR BURNS... I demand satisfaction. I want you in that ring. And I want to remind you what DEFIANCE truly is!

Douglas turns to Christie, nodding once.

**Scott Douglas:**

No shortcuts. No distractions. Just me and you.

Douglas steps out of the frame, leaving Christie Zane to watch after him as the shot fades to black.

**Christie Zane:**

There you have it. Scott Douglas ... laying down the challenge to Oscar Burns! Will DEFIANCE Himself accept? And if he does, what will that mean for Scott Douglas' path forward? Darren, Lance... back to you.

Cut back to the arena.

## MAKING AMENDS

We cut backstage to one of the many labyrinthine hallways of the arena. Our initial view is slightly shaky as the camera crew approaches the hallway intersection, stopping just shy of turning the corner. We catch a conversation in progress between long-time BRAZEN journeyman, the big barefoot German Gunther Adler and the one and only Motormouth of Malcontent Angus Skaaland. The former sounding particularly heated, even deigning to thrust a finger into the chest of Skaaland.

**Gunther Adler:**

Look what the psychotic bastard did to my damned face! And for what? For being friendly with Gage Blackwood? He carved up my face to prove some *vague* fucking point?! You're damned right I'll face him again! Name the time and place and I'll be there with...

**Angus Skaaland:**

How does later tonight tickle your berries, big dumb and bare-of-foot? Here a couple segments from now, in fact. I already have Box versus fill-in-the-blank on tap for this show, cleared and ready to go... so what do ya' say? Feelin' froggy? Second times the charm, or whatever.

Gunther narrows his eyes as we hear the crowd roar at the idea out in the arena. The idea of seeing Bronson Box compete live and in person, even though a reviled figure, sends a bolt of electricity through the attending Faithful.

**Gunther Adler:**

I'll be there. Lets see if your man can go two minutes without pulling out some ridiculous blasted weapon! Lets see if he's still the WRESTLER he's always said he is, eh?

The huge German powerhouse shoulders past Angus without waiting for a response from the former DEFtv color-man.

Skaaland just smiles and runs his hand back over his slicked platinum blond hair.

**Angus Skaaland:**

You're sure about this? There's a million other schmucks back here that'd jump at the chance. Ones that could make for a bigger, better match-up than this third-string day-player.

A nearby door that was sitting cracked swings open and out walks none other than the Bombastic Bronson Box, already dressed in full gear. Classic brown and gray pinstriped singlet. He approaches his manager as he finishes wrapping his wrists in white athletic tape. Biting off the end and rubbing the tape smooth.

**Bronson Box:**

He'll do. For what I got in store, anyway. Big grizzled bastard but dumb as a back of hammers, that one. Lacks the fire. Knew that from the instant he walked into my gym years ago. Shame, really. Waste of a hearty physique.

Skaaland sighs and looks over at his troublesome client.

**Angus Skaaland:**

Gonna be a wild night in Wisconsin...

**Bronson Box:**

You have no bloody idea.

The camera backs away unnoticed by the two DEFIANCE Hall of Famers.

We cut back to the commentary booth.

**DDK:**

Sounds like poor Gunther Adler is in store for yet another uncomfortable night here on DEFtv, folks.

## BRONSON BOX vs. GUNTHER ADLER

Back to ringside with Downtown Darren Keebler and Lance Warner. Already standing in the ring is the enormous barefoot German suplex machine, Gunther Adler. The huge man is furiously warming up, yanking on the ropes and glowering up towards the stage. As the camera zooms in on his face we get a clearer look at the long gnarled, healed-over scar that now runs down his cheek.

### Lance:

The last time, ladies and gentleman, that we saw Mr. Adler here on DEFtv he was getting Bronson Box's rusty spike dragged across his face to gruesome effect.

### DDK:

They hate him, yet they're *thrilled* to witness the spectacle of the man live in living color.

### Lance:

As Bronson finishes his slow, deliberate trek down the ramp and approaches the foot of said ramp he's clobbered by nearly 300 pounds of flying German pro wrestler.

The two huge men go tumbling back up the ramp. Before we can even blink their both back on their feet throwing hands. **Lance:**

Fission didn't like that one bit, getting right into Max's face, despite being a good fifteen inches shorter!

Max swipes his arm and knocks Fission aside as though he were a flea. Then the heavier Gigaton gets in his face, and tensions finally boil over as the two begin trading rights and lefts. In the confusion, then Navarro spies Titaness rolling to the ropes and slapping the first outstretched hand she sees.

**DDK:**

Titaness TAGS OUT of the action, and IN comes Leo Burnett!

**Lance:**

But Gigaton hasn't noticed yet!

Gigaton, preoccupied with antagonizing the Luck brothers, gets spun around and receives two stiff standing lariats by the powerhouse Burnett to leave him staggered. Leo smoothly slips behind and hooks him around the waist, earning an amazed "OOOH!" from the audience as he lifts the three-hundred pounder off his feet!

But MAX LUCK runs in and STOMPS HIM to break it up!

**Lance:**

With so many involved in this match, how is anyone here supposed to get a clean pin?

Ignoring the protests of Navarrior, Max continues to bludgeon Burnett with more overhead clubbing strikes. Daymon runs in to break it up, but Max greets him with a STIFF shoulder block that catches him in the kisser and leaves his head smacking the mat on the way down. Pulling Burnett off the mat, Max leads him over to the Lucky Sevens corner, steps out onto the apron, and tags himself back in.

**Lance:**

Well... that's ONE way to make a tag!

**DDK:**

Max Luck has decided he's done waiting to get back into this match, tagging himself back and going right after Gigaton!

Max approaches Gigaton, but the mad science minion fights back with shots to the midsection, followed by a JAWBREAKER that leaves Max staggering! Gigaton spies Fission into his corner and rolls over to make the tag...

**DDK:**

Gigaton with the counter, now looking to tag out to--NO!!

At the last second, Fission DISAPPEARS when Brooklynn Rivera strips him off the apron! Jumping in his place is Titaness, who happily accepts the TAG from the stunned Gigaton!

**Lance:**

Talking about pulling the rug out from under the Atomic Punks! Gigaton looked to bring his partner into action, but Titaness and Rivera had a scheme in the works!

Titaness HEADBUTTS Gigaton over the ropes before stepping into the ring and tossing him to the outside. She meets Max Luck, who blocks a punch and tags her with one of his own! Titaness reels, clutching her jaw... then grins, and pays Max back with a haymaker! Within moments, they are trading shots back and forth in a test of fortitude!

**DDK:**

Max Luck and Titaness are going at it, and neither one of them is backing down!

Finally, Titaness DUCKS a hook, and attempts to catch Max off guard with a back suplex... only for the younger Luck brother to stick an impressive-for-a-big-man landing on his feet! A swinging backhanded strike as he spins around just BARELY misses the tip of Titaness' nose, as she jumps back out of range and stumbles into her own corner.

**DDK:**

Titaness tags out to Brooklynn Rivera, who meets a charging Max Luck with a SHOULDER BLOCK through the ropes... followed by a LEG-DROP BULLDOG by Titaness!

Titaness supportively claps Brooklynn on the shoulder as she begins to step out onto the apron. Meanwhile, Rivera begins to bring Max back up, when--

**DDK:**

Fission grabs the groggy Max by the head and attempts to send him outside, but he gets hung up in the ropes. Instead, he joins his partner as the two combine forces on Mason, eventually forcing him to tumble over the ropes. Amidst the chaos, Zack Daymon reaches over and slaps the tangled Max on the shoulder.

## SOHER, STEEL CAGE MATCH: NED REFORM (C) vs. BROCK NEWBLUDD

DEFTv returns from its final commercial break of the evening to a shot of a group of fans seated in a row on one of the Alliant Energy Center's upper levels. Each one wears a Saturday Night Special t-shirt and holds a sign above their head. Zooming out and panning, the camera reveals that there is more than one section holding up matching signs; it's one entire side of the arena. **DDK:**

You can say that again, Lance. With a hometown crowd behind him, "Milwaukee's Beast" takes one last shot at Ned Reform and his Southern Heritage Championship. The only way for Reform to escape the confines of the cage with the title is by beating Newbludd cleanly on the mat.

**Lance:**

That's right, partner. Ned will need to rely on his savvy and exceptional technical prowess if he wants to survive. And if he gets in trouble, the champion will have to dig deep and use his high IQ to figure out a way out. Help from the rest of The Honor Society won't be coming tonight!

The momentary lapse gives Brock an opening and he doesn't waste a second on capitalizing on it by quickly closing the gap. Rising up, The Sage on the Stage doubles down by grabbing both of Brock's legs and smashing his heel into the challenger's groin. Milwaukee's Beast cries out in pain and Reform smiles at the sight before turning his attention to the nearest corner. Still shaking the cobwebs out of his head and clearing the blood from his eyes, The Good Doctor stumble-sprints to it and begins untying the protective padding on the top turnbuckle.

**Lance:**

Reform can cause some real damage with that exposed turnbuckle. We've seen him do it before!

Reform rips the protective off the turnbuckle and tosses it over his shoulder. Turning around, the champion notices Brock beginning to push himself off the mat and quickly closes the gap. He grabs the groggy Newbludd by the head and twists him around, hitting Brock with a picture perfect hangman's neckbreaker!

**DDK:**

Perfectly executed neckbreaker keeps the challenger down and Reform has firmly taken control.

Back pedaling into the closest set of ropes, Reform bounces off them and follows the neckbreaker up with a fist drop that hits Newbludd square between the eyes. Getting back to his feet, Ned hooks Brock legs in the catapult position. As the Honor Society applaud on the outside, The Good Doctor falls backwards and sends Brock Newbludd...

**DDK:**

RIGHT INTO THE EXPOSED TURNBUCKLE!

Brock's head snaps back and he crumbles to the mat... and now it's the challenger's turn to be wearing the crimson

mask. Ned pulls himself into a seated position and looks over to notice Brock's forehead gushing blood. Reform smiles widely and begins to applaud for himself. Outside, the Honor Society quickly join him but the Madison Faithful let him know exactly how they feel.

**DDK:**

Under different rules, this might be a prime opportunity for Ned to escape the cage... but that would only cost him the contest!

**Lance:**

Still, Brock had Ned cowering for his life inside that very cage two weeks ago... I believe payback might be on The Good Doctor's mind.

Reform stands up and walks in a circle, mouthing off and taunting Brock's increasingly angry hometown crowd. Ned sees a bloody Brock attempting to stumble to his feet and he grins. When Brock manages to pull himself up in the corner, Reform charges and catches him right in the head with a flying forearm! Brock stumbles out toward the center of the ring like a drunk man, and as he does Ned hits the ropes, gets a head of steam, and catches him right between the eyes with a flying headbutt!

**DDK:**

The Equivocator! The champ looks to retain!

ONE!

TWO!

NO! Brock kicks out!!

Ned... doesn't take kindly to that. With squinted eyes, he shakes his bald head in disbelief. He stands up, looking down at the defiant challenger. His eyes travel from Brock's down formed... upwards... upwards... upwards...

**DDK:**

Why is... why is Ned looking at the top of the cage?

**Lance:**

Does he remember that he can't escape?

As the crowd begins to buzz, Ned does in fact do the unexpected and he begins to climb the side of the cage! The Faithful are on their feet as Ned slowly climbs the structure before getting to the top! The Mad Gaddy lives up to his name as he uses a connecting cable to steady himself at the very top, facing forward toward the canvas. His eyes bug out as he realizes just how high up he really is!

**DDK:**

Ned is looking down... toward Brock Newbludd... and he appears to be steadying himself!!

**Lance:**

Ned Reform is NOT known for high risk stuff... to say this is out of character would be an understatement!

With every soul in the Alliant Energy Center on their feet, The Good Doctor takes a deep brief. Time stands still for a moment... and if it weren't for the blasted newfangled cell phones, the arena would be awash in flashbulbs as NED REFORM LEAPS FROM THE TOP OF THE CAGE!!!

**DDK:**

OH MY!! HE EXTENDS THE ELBOW, LOOKING FOR THE BIG ELBOW DROP!!

And the SOHER's elbow targets Brock Newbludd's beating heart like a missile..

...but the challenger ROLLS OUT OF THE WAY!!! REFORM'S ELBOW MEETS CANVAS!!!

The crowd lets out a collective groan as Reform jumps into the air once, holding his elbow and crying before flopping back down to the mat and kicking his legs in pure agony!

**DDK:**

BIG miscalculation by the champion!! This match is Brock's to win!!

Brock Newbludd wills himself to his feet to see a down and out champion. He looks around to his hometown as a chant begins to rise...

*LET'S GO NEWBLUDD!! (clap, clap, clap clap clap)*

*LET'S GO NEWBLUDD!! (clap, clap, clap clap clap)*

*LET'S GO NEWBLUDD!! (clap, clap, clap clap clap)*

The chant appears to light a fire under the Saturday Night Special... with a feral roar... BROCK ALSO BEGINS TO SCALE THE CAGE!!

**DDK:**

Brock Newbludd might have the same idea!!

Brock climbs much quicker than Ned did... but there is only one problem. Ned still has some help on the outside... and TA Cole begins to climb from the outside, matching Brock's pace! Both men get to the top of the cage at the same time and begin to throw haymakers at each other to see who will be forced to release their grip first!

**DDK:**

This is dangerous... both men putting themselves in precarious position here...

**Lance:**

Wait... look at Rezin! I mean... TA Black!

With everyone's attention drawn to the brawl between Cole and Newbludd, Black takes the opportunity to get his hands on a steel chair and toss it up and over the cage! It falls into the ring with a BANG... and Ned Reform gets to his feet and wraps his educated hands around it!

**Lance:**

That chair is legal! No DQ in a cage match!

At the top of the cage, Brock finally gets the better of the exchange as he begins to land more shots. He grabs Levi Cole's head and bangs it against the top of the cage! Cole loses his grip but doesn't fall all the way, just tumbling about halfway down. That distraction proves enough, however, as Ned Reform SLAMS the unforgiving steel chair against Brock's leg hanging from the top of the cage!! Newbludd howls out in pain and falls backwards into the ring! He tries to get to his feet to defend himself, but he is met with a vicious chair shot across the face!!!

**DDK:**

MY GOD!!

The crowd is fucking LIVID as Reform stands over Brock's broken body. Smiling, Reform tosses the chair behind him and aggressively points to his big brain. He does the big "well that's THAT" hand motion before falling down and

hooking the leg on the challenger...

**DDK:**

Not this way! Not in front of his hometown!

ONE!

TWO!

THREE!!!!

...NOOOO!!!! BROCK GETS A SHOULDER UP!!!

THE ROOF COMES OFF THE ARENA!!

**Lance:**

BROCK NEWBLUDD REFUSES TO DIE!!!

In the ring, Reform rolls off Newbludd and scurries back with his eyes bugging out of his head. With pure shock on his face, he looks up to Rex Knox to confirm that yes... Brock Newbludd did in fact kick out. On the outside, the Honor Society are losing their minds. TA Black attempts to rally them, calling them together for a group huddle...

And as they do, a roar of unknown origin comes up from the Faithful. Somewhat subdued at first... but it grows louder... louder... louder...

**DDK:**

Wait... LOOK LANCE! Through the crowd!

**Lance:**

IT'S PAT CASSIDY!!

The arena erupts as the prodigal Cassidy returns! He leaps the barricade wearing jeans, an SNS shirt, a Red Sox hat... and a baseball bat in hand!

**Lance:**

We haven't seen Pat Cassidy since the End of the Year Award show when Ned ruined his baby's gender reveal!

**DDK:**

I think he's got payback on his mind!

Indeed he does. Brock's fellow Saturday Night Special rushes the huddled Honor Society head on! Although TA Black quickly scurries away, Cassidy's bat meets the big gut of Rosie Owens!! Horrigan goes for a clubbing blow but Pat interrupts it with a baseball bat to his stomach! Horrigan bends over in pain and Cassidy brings the slugger down across his back! TA Cole gets his hands on the bat and attempts to wrestle it away from him. Cassidy holds on and the two engage in a brief tug of war until Cassidy lets go and Cole stumbles backwards! Cassidy meets him with a spear to the gut and takes him down, unloading a flurry of right hands onto Ned Reform's first member of the Honor Society!

**DDK:**

Pat Cassidy is back and he is evening the score!!

**Lance:**

But he didn't account for the entire Honor Society, Darren!

While Cassidy mopped the floor with the other goons, TA Black took the opportunity to begin scaling the cage. He climbs frantically as he swings one leg over. Inside the ring, Ned Reform's entire attention has been distracted as he watched Cassidy's surprise appearance... so distracted that as the champion turns his back, he is caught off guard by a Brock Newbludd running lariat!! Ned falls, but after that last ditch burst of energy, so does Brock!

**DDK:**

Both men are down!

**Lance:**

And TA Black is in the ring!!

Black, eyes crazed, paces like an animal as both Ned and Brock lay sprawled in front of him. On the outside, The Faithful have called Cassidy's attention to the situation inside the ring. Pat's eyes widen as he gets off TA Cole and grabs the bat. Rushing over the door, he kicks the lock violently, attempting to break it!

TA Black sees Cassidy trying to bust in and realizes he's on the clock. He stalks Brock Newbludd who has begun to get back to a vertical base. As Cassidy begins to kick, Black readies himself...

**TA Black:**

NYEEEEWWBLUDD!!!!

And he leaps forward looking for the Cloven Hoof Kick!! But... maybe yelling Brock's name in advance wasn't the brightest idea, as Brock dodges out of the way at the last second! Black can't halt his momentum, however, as he carries forward....

...right into NED REFORM!!!!

**DDK:**

Black hit Ned! Black hit Ned! Black hit Ned!!

**Lance:**

...was that an accident!?

Reform goes down as Black's hands go right to his head!! He can't believe what he's done!! He's shocked, he doesn't have the wherewithal to realize that Cassidy HAS broken the lock and entered the cage. Black is caught off guard by a baseball shot to the skull!! Cassidy grabs Black by the fake hair and for good measure, tosses him face first into the cage!

**DDK:**

This is wild!

**Lance:**

And Cassidy standing over the man who targeted his family...

Reform, still woozy, reaches up to try to pull himself back to his feet... and realizes he's grabbing someone's legs. His face goes up... he realizes who he's looking at... The Good Doctor's eyes nearly bug out of his skull... and he has just enough time to beg off before Cassidy grabs him, brings him up, and drops him face-first into the mat with a snap Reverse STO!!

**DDK:**

THE IRISH GOODBYE!!

**Lance:**

That was for Ophelia!! That was for Pat's future daughter!!!

the bloodied and dazed Milwaukee's Beast is pulled off the mat and is presented the Southern Heritage Championship by Rex Knox.

**Darren Quimbey:**

Ladies and gentlemen...the winner of this contest and NEEEEEEW SOUTHERN HERITAGE CHAMPION...  
 "MILWAUKEE'S BEAST" BROOOOOOCK NEEEEEWBLUUUUUDD!!

Another explosion of cheers from the hometown crowd. Taking the belt from Knox, the newly crowned champion stares at it for a long moment before raising it high above his head. He lowers it and turns to face Cassidy. A quick exchange of words ends with the reunited Saturday Night Specials embracing in a massive bro hug.

**DDK:**

What a night! What a main event! Ned Reform's reign of terror as the Southern Heritage Champion is over! Let the reign of the beast begin!

Tossing the belt onto one of his shoulders, Newbludd scales up the cage wall one final time to raise the title up to the roaring masses. The picture cuts to show Reform finally coming to from the massive elbow drop, a look of pure disbelief on his face.

**Lance:**

Reform can't believe it! His whole world just came crashing down tonight inside of the steel cage!

Climbing back down, Newbludd rejoins Cassidy and the two stand triumphantly over the shocked Reform. The new champion raises the belt up to The Good Doctor and cups one hand around his mouth.

**Brock Newbludd:**

BAAAAAAAAAAAAAAAAAAAAAAAAAAAAALLLYYY!!!

**The Faithful:**

HOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO!!!

**THIS.**

**IS.**

**DEFIANCE.**
